

**Regulatory Alert !!!**  
**Restricted Components Regulations**

**Applies to:**

Persons selling specified restricted components.  
 Only sellers registered with the Ministry of Natural Resources may sell restricted components.

<b>Restricted Component</b>	<b>CAS #</b>
Ammonium Nitrate (Solid, 28-34 % Nitrogen)	6484-52-2
Hydrogen Peroxide (≥ 30%, UN2015, UN3149)	7722-84-1
Nitro methane (UN1261)	75-52-5
Potassium Chlorate (UN1485)	3811-04-09
Potassium Perchlorate (1489)	7778-74-7
Sodium Chlorate (Solid, UN1495)	7775-09-9
Nitric Acid (≥ 68%, UN2031, UN2032)	7697-37-2
Potassium Nitrate (UN1486, UN1499)	7757-79-1
Sodium Nitrate (Solid, UN1498, UN1499)	7631-99-4

***When do the regulations take effect?***

June 1<sup>st</sup>, 2008 - For Ammonium Nitrate  
 March 1<sup>st</sup>, 2009 - For all Restricted Components other than Ammonium Nitrate

***What is required?***

These regulations require sellers of restricted components to register with the Chief Inspector of Explosives, Ministry of Natural Resources.

These regulations also implement rules for Restricted Components including:

- Handling, storage and access
- Inventory tracking, accounting & reporting
- Establish & record identity of purchasers
- Reporting requirements to law enforcement
- Periodic inventory inspections
- Record keeping requirements
- Conditions for sale

***Exemptions:***

These regulations do not apply to the sale of the restricted components to laboratories that are a recognized post-secondary institution, a hospital, a health clinic, federal or provincial government or government agency.
